Music Lessons for ALL Ages!

Books, Music, Accessories

Play!  *Sing!*  *Act!*  *Perform!*

Why TMSOW?

Simple! Ask yourself "What do I want for my child?" If you're looking at price only, then we're probably not for you! YIKES!! Yes, we really mean that! Think of the old adage "You get what you pay for." Our teachers have real world, professional experience as teachers and performers with proven track records of personal success and their students have gone on to perform and teach themselves.

Your instruction takes place in professionally designed facilities that are treated to eliminate distractions from adjoining studios and outside. Piano students study on grand pianos and percussionists study in a well-equipped studio with full drum set, timpani, and technology.

When you think about the teachers who are instructing your child and the environment in which they learn, we believe that you will quickly see why we are where you want to be to make and learn music!

THE MUSIC STUDIO OF WARRENSBURG

Simply excellent.

WHY TMSOW?

We think that once you think about it and get to know us that you will absolutely want to be a part of our musical family!

ASK THE RIGHT QUESTIONS.

You'll be glad you did!

On our website we talk about the two questions we get the majority of time from potential students. 1) "How much are lessons?" and 2) "Where are you located?" Would it surprise you to learn that this is how most parents make a decision on what could be one of the most important investments they will ever make for their kids - education for themselves or their loved ones?

We challenge you to think beyond getting lessons as cheaply as you can. We also want you to question what it is that you expect from the person that is likely to spend the next few years teaching you or your child.

Here's the straight scoop! No colorful, crunchy, candy coating; no sprinkles! It might not be what you want to see but knowing this information (and using it wisely!) will save you a lot of time and money!

Our Top 10 Questions.

1. How can this teacher help me achieve my goals?
2. What will be required of me?
3. Does my teacher "get" me?
4. Do I feel like I belong here?
5. Will I have sufficient access to my teacher?
6. What is the primary focus of my teacher?
7. What is the primary focus of my school?
8. What kind of motivation & incentives will my teacher use?
9. Where are you located?
10. How much are lessons?

See? There's a lot more to ask than just price and location! We hope you take the time to ask and we DO hope that you will become a part of the fun here at TMSOW!

1. What Do You Really Want?

When you consider only cost and location you could cheat yourself out of a great value and end up wasting years and hundreds of dollars fixing bad habits that could have been avoided had you invested more wisely in a proper teacher right from the start.

2. Top Tier Teachers

Our teachers all have significant experience as performers and teachers. Most have at least a bachelors degree in music performance or music education. We take the qualifications of our teachers seriously and don't just "sell time" with any teacher. Our teachers teach only what they are fully proficient in!

3. Professional Environment

Distraction free studios with professionally designed construction to eliminate outside sounds from interfering with instruction and instructional activities in other studios are not disturbed by the studio next door.

4. Family Friendly

We value the importance of family in our lives and recognize that a solid basis for success of our students is likewise dependent upon the family relationship. We treat you like you were a member of our own family and we work hard to make sure that you feel exactly that way!
