

IS YOUR CHILD TOO
YOUNG FOR LESSONS?
THEY'RE NOT TOO
YOUNG FOR KIDZROCK!!

The Music Studio is the home of the area's newest music program for kids! KidzRock is perfect for kids ages 4 to 7 with age-appropriate music written especially for the program. Kids enrolling in KidzRock form their own rock band and get to play guitar, keyboard, drums, and also singing! Best of all, we provide all the equipment and no home practice is necessary. Each 8 week session in band class provides a new musical experience for your child and tuition is affordable on any budget!

👍 EVERY KID'S A ROCK STAR!

KIDZ ROCK is great times making music with great friends! Your child will grow both socially and musically. Many kids that enroll in KidzRock programs go on to take private instruction on their favorite instrument because they've learned to love making music on their own, not because they were put into music lessons by themselves.

While we think KidzRock will speak for itself, but here are some great reasons for your kids to be part of KidzRock!!!

- The social and performance oriented setting of Kidzrock really gets kids excited about music.
- Opportunity to explore different instruments without having to rent or purchase instruments or music.
- Make new friends with the common interest of making music together.
- No home practice means no negatives associated with making music.
- Kids who have positive experiences through KidzRock are more likely to want to take lessons because they enjoy making music.
- Being a part of their own rock band makes them a star in their own right.
- The fun rock band format and performance helps kids fall in love with music and feel good about their abilities.

WEEKLY BAND TIME

Each week your child attends band class at our studio and learns fun, age-appropriate music written especially for easy learning and enjoyment! Every kid gets the opportunity to try every instrument as a performer over the course of a school year, swapping instruments over the course of the school year. Your child will be excited to come to their band practice each week and will make new friends in a safe, supportive, and positive setting!

ROCK CONCERTS!

At the end of each eight-week session, our bands get together and present a rock concert for parents, relatives, and friends! Each group performs its own set of songs and, at the end of the show, everyone teams up for a mega-hit song!

The rock concert will be a great experience, one that your kids will remember for a lifetime!
